PCBITE

HANDS FREE

PCBITE

Introducing PCBite:

The ultimate solution for handsfree measurements & circuit board handling

PCBite is a revolutionary system designed to transform the way you measure and handle circuit boards during development. With precise probes, powerful magnets and a stainless steel base plate, our flexible and mobile solution offers unmatched convenience.

Key Features:

- **Handsfree measurements:** Conduct precise high and low frequency measurements without holding the probe.
- **Mobility:** Effortlessly move your circuit board wherever needed.
- **Safety:** Securely hold your circuit board to prevent damage or short circuit.
- **Efficiency:** Streamline your workflow without tedious setups or adjustments.

Elevate your circuit board development today!

Sensepeek - Empowering circuit board development

OSCILLOSCOPE

SQ200/350/500 MHz handsfree oscilloscope probe

Article number:

6014: 1x SQ200 - 200 MHz probe with spring tipped test needle

6023: 1x SQ350 - 350 MHz probe with spring tipped test needle

6024: 1x SQ500 - 500 MHz probe with spring tipped test needle

Includes:

1x SQ probe holder for handsfree measurement

1x Testhook with detachable cables (5cm & 10cm) for ground connection

1x Alligator cable for convenient ground connection

1x Standard ground spring, for handheld measurements at rated bandwidth

1x Unique ground spring, for handsfree measurements at rated bandwidth

1x Set of color coded cable holders(4 colors)

1x Probe tip protection

1x Extra test needle

PCBite kit with 2x SQ200/350/500 MHz handsfree oscilloscope probes

Article number:

6016: 2x SQ200 - 200 MHz handsfree oscilloscope probes (2x article 6014)

6025: 2x SQ350 - 350 MHz handsfree oscilloscope probes (2x article 6023)

6026: 2x SQ500 - 500 MHz handsfree oscilloscope probes (2x article 6024)

Includes:

4x PCBite PCB holders

1x Set of yellow insulation washers for the PCB holders

1x Large Base plate (A4)

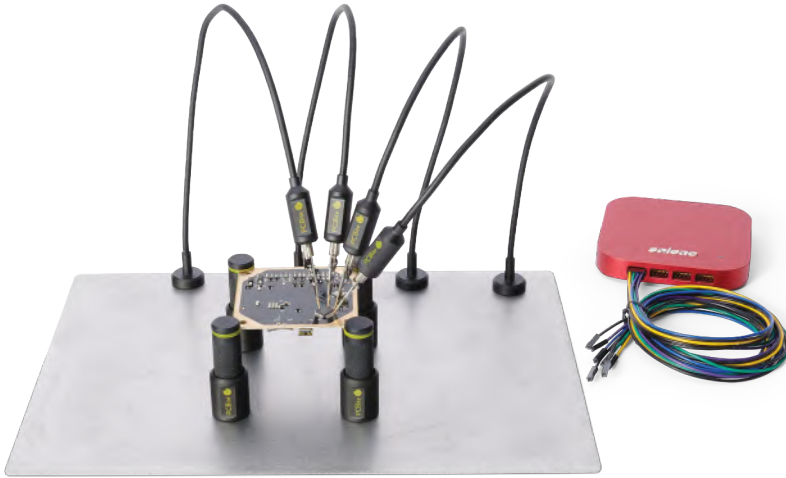

1x Insulation cover for the base plate (A4) (article 4017)

1x Micro fiber cloth

LOGIC ANALYZER

PCBite kit with 4x SP10 probes and test wires

Article number: 4003

4x SP10 probes with test wires (1x article 4005)

4x PCBite PCB holders

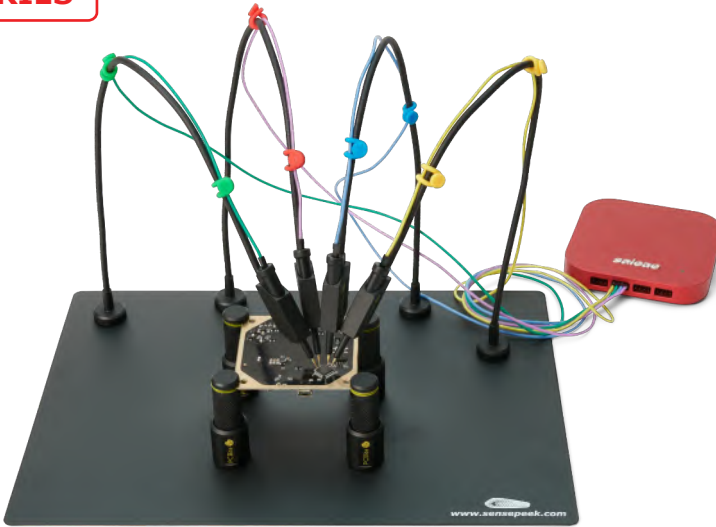

1x Set of yellow insulation washers for the PCB holders

1x Large Base plate (A4)

1x Micro fiber cloth

LOGIC ANALYZER

NEW SERIES

€139

PCBite kit with 4x SQ10 probes and test wires

Article number: 6003

4x SQ10 probes and pin tipped test needles (1x article 6005)

4x PCBite PCB holders

1x Set of yellow insulation washers for the PCB holders

1x Large Base plate (A4)

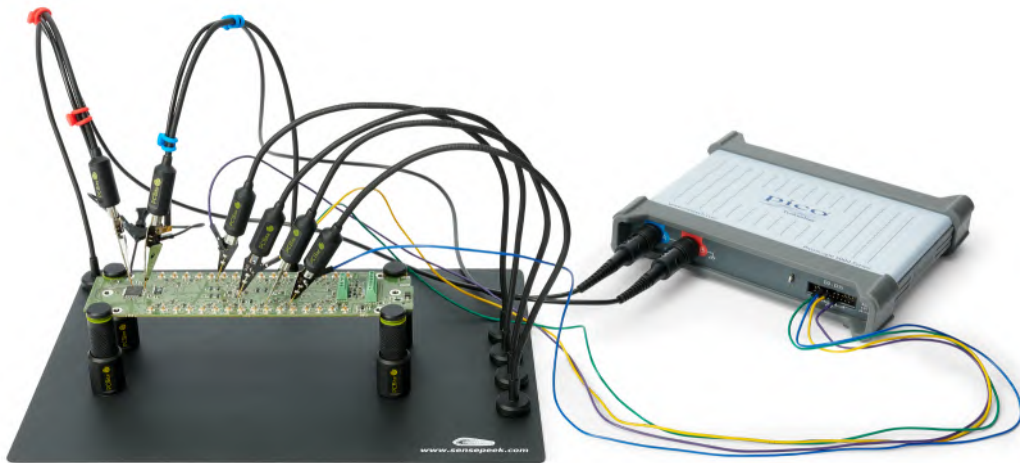

1x Insulation cover for the base plate (A4) (article 4017)

1x Micro fiber cloth

MIXED SIGNAL

€199

PCBite kit with 2x SP100 MHz handsfree oscilloscope probes and 4x SP10 probes

Article number:

4018: 2x SP100 - 100 MHz handsfree oscilloscope probes (2x article 4013)

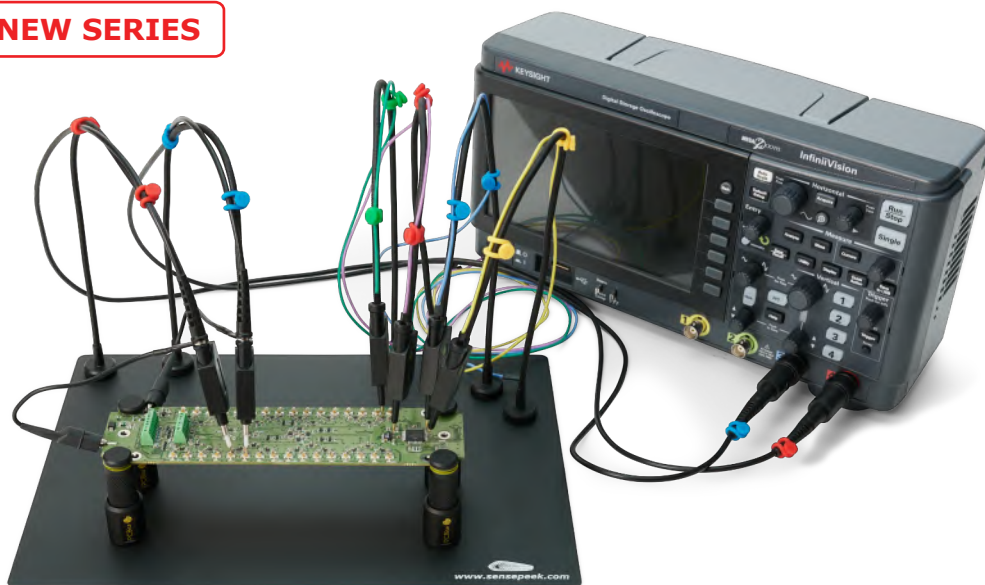

Includes:

1x PCBite kit with 4x PCBite probes and test wires (article 4003)
1x Insulation cover (article 4017)

SOLDERING & INSPECTION

€59

€69

PCBite kit Small (A5) or Large (A4)

Article number:

4002: 1x Small Base plate 148x210mm (DIN A5)
4007: 1x Large Base plate 210x297mm (DIN A4)

Includes
4x PCBite holder
1x Set of yellow insulation washers
1x Micro fiber cloth

NEW

€59

PCBite Magnifier 3x

Article number: 4020

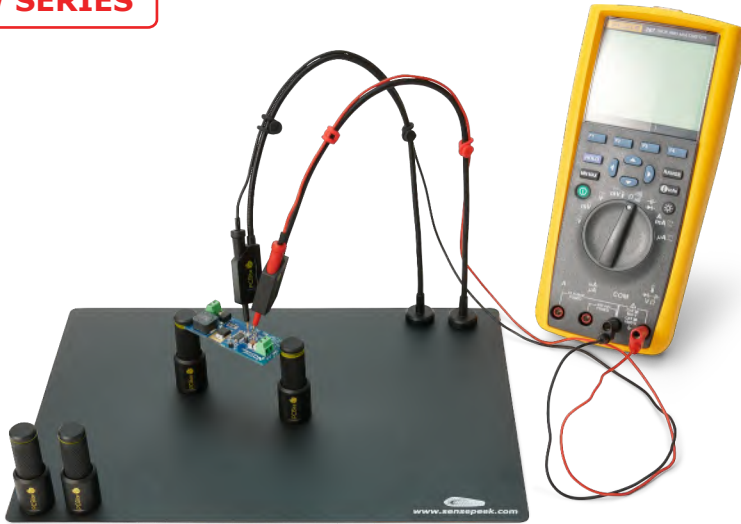

PCBite Magnifier enlarges your target and makes it easier to see during soldering, inspection and measurements. Especially useful when placing PCBite hands free probes on fine pitch SMD components during measurements.

3x magnification edgeless lens for increased visibility of the work surface and AR coating (anti-reflection) to reduce reflections from nearby light sources.

Optimized design, magnification and focal point for use together with the PCBite PCB holders and baseplates included in all PCBite kits. Can also be used handheld but not standalone without a metal surface as base.

MULTIMETER

NEW SERIES

€99

PCBite kit with 2x SQ10 probes for DMM

Article number: 6012

2x SQ10 probes for DMM (1x article 6011)

4x PCBite PCB holders

1x Set of yellow insulation washers for the PCB holders

1x Large Base plate (A4)

1x Insulation cover for the base plate (A4) (article 4017)

1x Micro fiber cloth
